Management Message

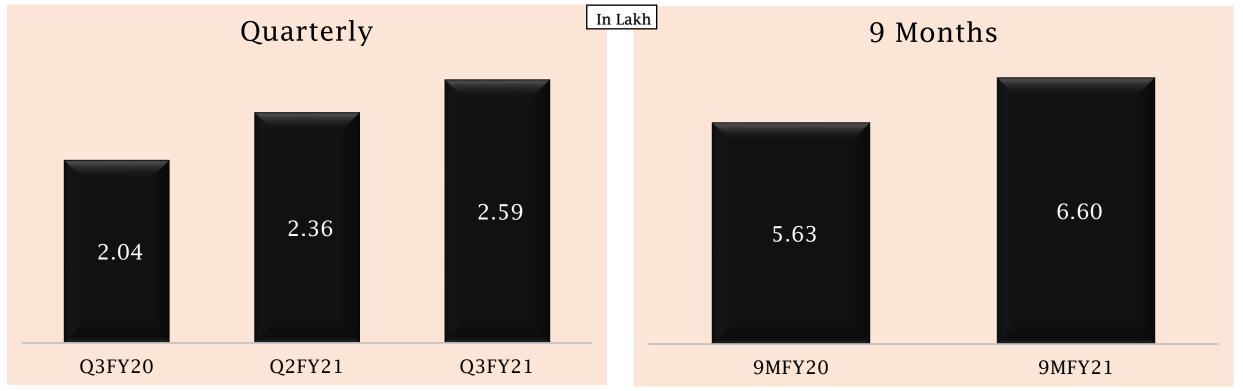

Nikhil Nanda, Chairman and Managing Director

"Agriculture demand for tractors and farm mechanization is witnessing a continuous growth. We are hopeful of a sustained momentum as we see strengthening in farm and rural economies. We have been maintaining adequate safety standard across the organization to maintain an uninterrupted supply to our customers. The positive development in the construction equipment space is also encouraging. We are optimistic of better environment ahead for business recovery in the Construction and Railway Equipment segments as well. The Government's efforts on Covid vaccination will further infuse confidence across sectors and will provide further impetus to the economy."

Domestic Tractor Industry Overview

- In Q3FY21 on Y-o-Y domestic Industry up by ~27%.
- Industry in Q3FY21 on Y-o-Y basis in North and central region grew by 13%, whereas industry grew by 44% in South and west region.
- Good and uniform availability of water, better retail financing penetration, restart of commercial-use demand, record crop production along with hold-up of most crop prices are factors helping continued industry growth. Coupled with a low base effect, these factors should propel industry further in Q4, making this fiscal a record year for tractor industry.
